Update 2: Car Parking

As previously mentioned, those joining us on November 21st by car can park either at the circuit or the NH Hotel. However, we recommend using the designated parking area(s) at the circuit, as we will cover these costs.

For guests staying overnight on the 21st, cars can be retrieved the next day from 7:00 AM onwards. The parking area is about a 20-minute walk from the NH Hotel; please follow the same route as the previous day.

If you'll be leaving during or after the evening program on the 21st, you can move your car after the circuit tour to park closer to the restaurant for easier access when departing.

Update 3: Green Stay Policy - NH hotel

In support of NH Hotel's green stay policy, we are making an environmentally conscious choice for all attendees staying two nights. Through this initiative, rooms will not receive cleaning services or additional resources, such as new towels or toiletries, on November 21st. As a thank-you for participating, the hotel will provide a voucher for a complimentary drink.

Should you need fresh towels or other items, simply contact the hotel reception, and they will be happy to assist.

Thank you for helping us make a positive environmental impact.

Update 4: Group Disclaimer

To capture the highlights of our Global Partner Event 2024, a videographer will be present to record footage and create an aftermovie, along with several short videos. This means that attendees may appear in the recorded content, which will be used to showcase the event for internal, promotional, and social media purposes. Our goal is to share the experience with those unable to attend and to create a lasting impression of this special event.
